You can use a checkmark to tick off "Hash Department" anything you don't want the POS to include in your sales.

Product Type - each product type will belong to the above Sales Department.

For Example:

Product Type	Department
--------------	------------

Candy >>>>>	Grocery
drinks >>>>>	Beverages
Lotto >>>>>	Lotto
Wine >>>>>	Liquor
Vodka >>>>>	Liquor
Chips >>>>>	Grocery
Fruits >>>>>	Grocery
Cigarettes >>>>>	Tabaco

Inside the Product Type you can define if the GST will be applied all items inside that "Product Type". GST can also be over the GST inside the actual product screen.
You can also kitchen printer here.
